Re: Worldwide Web Manitoba Services

to: All Worldwide Web Manitoba Customers

Dear Customers:

You recently received an email from Grant, the owner of WebHog o/a Worldwide Web Manitoba. Due to business changes, they have decided to stop providing web hosting services, and have arranged for 100% Webhost to continue serving you.

Don't Panic. You are in good hands.

100% Webhost is Manitoba's largest independent web host. We are proud to offer hosting services, with data residence in Canada on hardware physically located in Winnipeg.

As we transfer your site, your domain, and data to our state of the art web hosting servers, your site's uptime, data, email, and other services, will continue, uninterrupted.

You probably won't notice the changeover.

Plus, In the days ahead, you can look forward to some improvements to your service as well as having additional services available to you.

One of the benefits of this move is, in addition to deep expertise in web hosting, you also get access to a group of marketers, designers, and developers through 100% Webhost's subsidiary company, Modern Earth.

Expect a phone call in the next few days, as we will be reaching out to speak to you about your site and to get to know your business better.

If you have any questions or concerns, please reach out - give us a call or simply reply to this email. We'd love to hear from you and discuss any specific needs to help your business succeed online.

Visit the modernearth.net and 100percentweb.ca websites to learn more about us and our team.

You can reach out for support and assistance at support@100percenthelpdesk.com, or call us at [204-318-1671](tel:204-318-1671) at any time. Our support systems will automatically create an internal tracking ticket for your issue, whether from your email or voicemail, so even if you don't speak with someone directly, your message will be in our system and quickly resolved.

Once again, welcome to 100% Webhost.

Background

100% Webhost was founded in 2012 by Brent and Scott Toderash. With a long history in telecommunications, internet supply, and hosting, the company's focus is on providing fully-managed personalized website care beyond what standard hosting plans make available. The scope of their experience includes hosting a wide range of technologies on multiple platforms, including having worked with WordPress, now the world's most popular CMS, since prior to its inception in 2003. In June of 2021, 100% Helpdesk acquired Modern Earth and continues to operate it as a separate company.

Yours truly,

Scott Toderash
